**WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 162. Approval by licensee**

**Specifically failed to comply with the following:**

**s. 162. (3) Subject to subsections (4) and (5), the licensee shall, within five business days after receiving the request mentioned in clause (1) (b), do one of the following:**

- 1. Give the appropriate placement co-ordinator the written notice required under subsection 44 (8) of the Act. O. Reg. 79/10, s. 162 (3).**
- 2. If the licensee is withholding approval for the applicant's admission, give the written notice required under subsection 44 (9) of the Act to the persons mentioned in subsection 44 (10) of the Act. O. Reg. 79/10, s. 162 (3).**

**Findings/Faits saillants :**

1. The licensee has failed to respond to the placement coordinator within five business days after receiving requests to determine whether to give or withhold approval for the applicant's admission to the home.

During phone interviews with the Patient Services Managers and the Director of Patient Services, from the Waterloo Wellington Local Health Integration Network (WWLHIN), they stated that the home was not meeting their obligation in regards to responding to applications for admission or refusal to the home within five business days.

During a phone interview with the Assistant Director of Care (ADOC), the ADOC shared that as of an identified date there were 12 Long Term Care Home (LTCH) applications that had not been reviewed within the five business days as required.

A review of documentation provided by the WWLHIN from the Client Health Records Information System (CHRIS) showed that on an identified date, there were ten applicants in LTCH applied status. There were seven applications with greater than five days in applied status as of the identified date. The documentation states that the average wait time was 10.50 days for the applications to be reviewed.

In an interview with the Associate Director of Care stated that the home was not responding to the LTCH applications within five business days after receiving requests to determine whether to give or withhold approval for the applicant's admission to the home.

The scope of the issue was widespread. There was no history of non-compliance with this legislation. The severity was determined to be a level two with potential for actual harm to the applicant as the applicants were assessed as requiring long term care. [s. 162. (3) 1.]
