Non-compliance with requirements under the Long-Term Care Homes Act, 2007 (LTCHA) was found. (A requirement under the LTCHA includes the requirements contained in the items listed in the definition of "requirement under this Act" in subsection 2(1) of the LTCHA.)

The following constitutes written notification of non-compliance under paragraph 1 of section 152 of the LTCHA.

Le non-respect des exigences de la Loi de 2007 sur les foyers de soins de longue durée (LFSLD) a été constaté. (Une exigence de la loi comprend les exigences qui font partie des éléments énumérés dans la définition de « exigence prévue par la présente loi », au paragraphe 2(1) de la LFSLD.)

Ce qui suit constitue un avis écrit de non-respect aux termes du paragraphe 1 de l'article 152 de la LFSLD.

WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 6. Plan of care

Specifically failed to comply with the following subsections:

s. 6. (7) The licensee shall ensure that the care set out in the plan of care is provided to the resident as specified in the plan. 2007, c. 8, s. 6 (7).

Findings/Faits saillants :

1. The licensee failed to provide the care to an identified resident as specified in the plan of care.

The resident is at risk for frequent urinary tract infections. Urine samples were collected on specified dates in May, 2012 as ordered by the physician. All samples collected were showing 3 or more bacteria suggesting contamination of the sample.

After a meeting with the family and care staff, the physician ordered an in and out catheterization to collect a clean urine specimen

Staff collected a sample of urine by using the urine hat rather than by collecting a sample through in and out catheterization as ordered by the physician.

Note: the In and Out catheterization was completed after inspector pointed out non-compliance to plan of care.
