**Findings/Faits saillants :**

**Inspection Report under  
the Long-Term Care  
Homes Act, 2007****Rapport d'inspection en vertu de  
la Loi de 2007 sur les foyers de  
soins de longue durée**

1. The licensee has failed to ensure that a person who had reasonable grounds to suspect abuse of a resident by anyone had occurred, or may occur, immediately reported the suspicion and the information upon which it was based to the Director.

A complaint was submitted to the Director, which indicated that a family member of resident #004, was not immediately notified of a resident to resident altercation involving resident #004 on an identified date.

Inspector #744 reviewed resident #004's electronic progress notes from an identified date, which indicated that RPN #103 had witnessed resident #004 in resident #007's bedroom. The progress note further indicated that RPN #103 overheard resident #004 speaking a specific phrase, and resident #007 responding. In addition the progress note identified that RPN #103 had witnessed resident #004 exhibiting a specified behaviour towards resident #007 and resident #004 was immediately redirected.

Inspector #744 reviewed the home's policy, titled, "Resident Rights, Care and Services- Reporting and Complaints- Critical Incident Reporting", last revised, March 15, 2019. The policy identified that the home shall ensure that the Ministry of Health is immediately informed if reasonable grounds exist to suspect that abuse of a resident by anyone or neglect of a resident by the licensee or staff that resulted in harm or risk of harm to the resident.

During an interview, the Administrator indicated that they were first made aware of the progress note outlining the incident from a specified date, during a morning manager's meeting an identified number of days after the incident. The Administrator further indicated that they should have reported the incident immediately to the Director because of their initial suspicion of abuse and the risk of harm; however, an immediate report to the Director was not submitted.

Inspector #744 reviewed the Ministry of Long-Term Care's online Critical Incident System (CIS) reporting portal and determined that a Critical Incident report was submitted to the Director, for this incident, on an identified date, by the DOC.

CO #003 was issued during inspection #2019\_7452627\_0016 pursuant to the Long-Term Care Homes Act (LTCHA), 2007, c.8, s. 24. (1) with a compliance due date of December 20, 2019. As the compliance date was not yet due at the time of this incident, this findings will be issued as a WN to further support the order. [s. 24. (1) 2.]
