<p>Non-compliance with requirements under the Long-Term Care Homes Act, 2007 (LTCHA) was found. (A requirement under the LTCHA includes the requirements contained in the items listed in the definition of "requirement under this Act" in subsection 2(1) of the LTCHA.)</p>	<p>Le non-respect des exigences de la Loi de 2007 sur les foyers de soins de longue durée (LFSLD) a été constaté. (Une exigence de la loi comprend les exigences qui font partie des éléments énumérés dans la définition de « exigence prévue par la présente loi », au paragraphe 2(1) de la LFSLD.</p>
<p>The following constitutes written notification of non-compliance under paragraph 1 of section 152 of the LTCHA.</p>	<p>Ce qui suit constitue un avis écrit de non-respect aux termes du paragraphe 1 de l'article 152 de la LFSLD.</p>

WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 57. Powers of Residents' Council
Specifically failed to comply with the following subsections:

s. 57. (2) If the Residents' Council has advised the licensee of concerns or recommendations under either paragraph 6 or 8 of subsection (1), the licensee shall, within 10 days of receiving the advice, respond to the Residents' Council in writing. 2007, c. 8, s. 57.(2).

Findings/Faits saillants :

1. The licensee did not respond to the Residents' Council in writing to issue E: "Residents are concerned about changes to the menu not being changed on the menu boards" identified in the July 11, 2011 Resident Council Meeting Minutes. [s. 57. (2)]

WN #2: The Licensee has failed to comply with O.Reg 79/10, s. 51. Continence care and bowel management
Specifically failed to comply with the following subsections:

s. 51. (2) Every licensee of a long-term care home shall ensure that,

- (a) each resident who is incontinent receives an assessment that includes identification of causal factors, patterns, type of incontinence and potential to restore function with specific interventions, and that where the condition or circumstances of the resident require, an assessment is conducted using a clinically appropriate assessment instrument that is specifically designed for assessment of incontinence;**
- (b) each resident who is incontinent has an individualized plan, as part of his or her plan of care, to promote and manage bowel and bladder continence based on the assessment and that the plan is implemented;**
- (c) each resident who is unable to toilet independently some or all of the time receives assistance from staff to manage and maintain continence;**
- (d) each resident who is incontinent and has been assessed as being potentially continent or continent some of the time receives the assistance and support from staff to become continent or continent some of the time;**
- (e) continence care products are not used as an alternative to providing assistance to a person to toilet;**
- (f) there are a range of continence care products available and accessible to residents and staff at all times, and in sufficient quantities for all required changes;**
- (g) residents who require continence care products have sufficient changes to remain clean, dry and comfortable; and**
- (h) residents are provided with a range of continence care products that,**
 - (i) are based on their individual assessed needs,**
 - (ii) properly fit the residents,**
 - (iii) promote resident comfort, ease of use, dignity and good skin integrity,**
 - (iv) promote continued independence wherever possible, and**
 - (v) are appropriate for the time of day, and for the individual resident's type of incontinence. O. Reg. 79/10, s. 51 (2).**

Findings/Faits saillants :

1. Identified staff and resident confirmed that not all sizes of continence care products were available to residents to provide for a proper fit. Smaller briefs were used in place of the required larger briefs that were not available. The continence care program has since been reviewed.[r. 51. (2) (h) (ii)]

WN #3: The Licensee has failed to comply with O.Reg 79/10, s. 73. Dining and snack service

Specifically failed to comply with the following subsections:

s. 73. (1) Every licensee of a long-term care home shall ensure that the home has a dining and snack service that includes, at a minimum, the following elements:

1. Communication of the seven-day and daily menus to residents.
2. Review, subject to compliance with subsection 71 (6), of meal and snack times by the Residents' Council.
3. Meal service in a congregate dining setting unless a resident's assessed needs indicate otherwise.
4. Monitoring of all residents during meals.
5. A process to ensure that food service workers and other staff assisting residents are aware of the residents' diets, special needs and preferences.
6. Food and fluids being served at a temperature that is both safe and palatable to the residents.
7. Sufficient time for every resident to eat at his or her own pace.
8. Course by course service of meals for each resident, unless otherwise indicated by the resident or by the resident's assessed needs.
9. Providing residents with any eating aids, assistive devices, personal assistance and encouragement required to safely eat and drink as comfortably and independently as possible.
10. Proper techniques to assist residents with eating, including safe positioning of residents who require assistance.
11. Appropriate furnishings and equipment in resident dining areas, including comfortable dining room chairs and dining room tables at an appropriate height to meet the needs of all residents and appropriate seating for staff who are assisting residents to eat. O. Reg. 79/10, s. 73 (1).

Findings/Faits saillants :

1. Staff interview and Residents' Council minutes indicated that meals and snack times have not been reviewed by Residents' Council.[r.73.(1)2.]
2. The home's seven day and daily menus are not consistently communicated to residents. At breakfast December 16th, 2011 the menu posted did not reflect what was served to residents. Interviews with staff and residents revealed that daily menus communicated are not consistent with menu items served. This issue was raised June 2011 and July 2011 in the Resident Council meeting minutes.[r.73.(1)1.]

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that the daily and weekly menu is communicated to residents., to be implemented voluntarily.
