Non-compliance with requirements under the Long-Term Care Homes Act, 2007 (LTCHA) was found. (a requirement under the LTCHA includes the requirements contained in the items listed in the definition of "requirement under this Act" in subsection 2(1) of the LTCHA.)

The following constitutes written notification of non-compliance under paragraph 1 of section 152 of the LTCHA.

Le non-respect des exigences de la Loi de 2007 sur les foyers de soins de longue durée (LFSLD) a été constaté. (une exigence de la loi comprend les exigences qui font partie des éléments énumérés dans la définition de « exigence prévue par la présente loi », au paragraphe 2(1) de la LFSLD.)

Ce qui suit constitue un avis écrit de non-respect aux termes du paragraphe 1 de l'article 152 de la LFSLD.

**WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 19. Generators Specifically failed to comply with the following:**

- s. 19. (1) Subject to subsections (2) to (4), every licensee of a long-term care home shall ensure that the home is served by a generator that is available at all times and that has the capacity to maintain, in the event of a power outage,**
- (a) **the heating system; O. Reg. 79/10, s. 19 (1).**
- (b) **emergency lighting in hallways, corridors, stairways and exits; and O. Reg. 79/10, s. 19 (1).**
- (c) **essential services, including dietary services equipment required to store food at safe temperatures and prepare and deliver meals and snacks, the resident-staff communication and response system, elevators and life support, safety and emergency equipment. O. Reg. 79/10, s. 19 (1).**

foyers de soins de longue  
durée**

1. The licensee has failed to ensure that the home is served by a generator that is available at all times that has the capacity to maintain, in the event of power outage, the heating system.

On January 29, 2018, a Compliance Order (CO) #001 from inspection #2017\_420643\_0024 was issued under O.Reg. 79/10, s. 19(1). The compliance due date was May 25, 2018. The home was to:

1. Ensure that a documented record existed on site that described which building services were maintained by the generator that is available at all times; and,
2. Ensure that the home was served by a generator that had the capacity to maintain the heating system in the event of a power outage.

A follow up inspection #2018\_626501\_0010 was completed and it was found that the home failed to complete step 2 as above. As a result, O.Reg. 79/10, s.19(1) was reissued July 13, 2018, with a compliance due date of October 19, 2018.

The home was asked to submit a plan to ensure that the home is served by a generator at all times that has the capacity to maintain the heating system in the event of a power outage. The plan was to include:

1. When and by whom a load study is to be completed.
2. Describe the steps that will be taken to demonstrate that the home is served by a generator that is available at all times, has the capacity to maintain, in the event of a power outage, the heating system that ensures the heating system has the capacity to maintain the required minimum temperature of 22 degrees Celsius. Include how this will be implemented, who will be responsible and dates that specific actions will be achieved.
3. Until such time that the home's generator can supply power to the heating system, describe how the home will have an alternate power supply available in the event of a power outage.

The home was asked to submit the plan by July 30, 2018, and it was submitted July 18, 2018.

During an interview with ED #133, they stated that the home completed a load study and gave the inspector a copy of the report. A review of this report indicated an emergency load study was completed and the report was issued July 30, 2018. This report concluded that the generator would not be able to accommodate any additional loads. However, if elevator and pump controls were redesigned the existing generator could accommodate a specified additional load.

Homes Act, 2007**

**Ministère de la Santé et des  
Soins de longue durée**

**Rapport d'inspection prévu  
sous la Loi de 2007 sur les  
foyers de soins de longue  
durée**

During a further interview with ED #133, they indicated that at first the plan was to purchase a new generator. However, in consultation with another member of their consulting services, remapping the current generator would be possible and would enable the existing generator to maintain the heating system in the event of a power outage. According to the ED, this came to their attention sometime in September or October of 2018 and the current plan is to have this completed by November 23, 2018. The ED did confirm and supplied a copy of an agreement from an identified contractor that states they will provide an alternate power supply to the home in the event of a power outage until April 1, 2019.

The ED acknowledged that currently the home is not served by a generator at all times that has the capacity to maintain the heating system in the event of a power outage. [s. 19. (1) (a)]

2018\_626501\_0010, CO #001;

**Pursuant to / Aux termes de :**

O.Reg 79/10, s. 19. (1) Subject to subsections (2) to (4), every licensee of a long-term care home shall ensure that the home is served by a generator that is available at all times and that has the capacity to maintain, in the event of a power outage,

- (a) the heating system;
- (b) emergency lighting in hallways, corridors, stairways and exits; and
- (c) essential services, including dietary services equipment required to store food at safe temperatures and prepare and deliver meals and snacks, the resident-staff communication and response system, elevators and life support, safety and emergency equipment. O. Reg. 79/10, s. 19 (1).

**Order / Ordre :**

The licensee must be compliant with O. Reg. 79/10, s. 19(1). Specifically, the licensee shall ensure that the home is served by a generator that has the capacity to maintain the heating system in the event of a power outage.

**Grounds / Motifs :**

1. The licensee has failed to ensure that the home is served by a generator that is available at all times that has the capacity to maintain, in the event of power outage, the heating system.

On January 29, 2018, a Compliance Order (CO) #001 from inspection #2017\_420643\_0024 was issued under O.Reg. 79/10, s. 19(1). The compliance due date was May 25, 2018. The home was to:

1. Ensure that a documented record existed on site that described which building services were maintained by the generator that is available at all times; and,
2. Ensure that the home was served by a generator that had the capacity to maintain the heating system in the event of a power outage.

A follow up inspection #2018\_626501\_0010 was completed and it was found that the home failed to complete step 2 as above. As a result, O.Reg. 79/10, s.19(1) was reissued July 13, 2018, with a compliance due date of October 19, 2018.

The home was asked to submit a plan to ensure that the home is served by a generator at all times that has the capacity to maintain the heating system in the event of a power outage. The plan was

**Ministry of Health and  
Long-Term Care**

**Order(s) of the Inspector**

Pursuant to section 153 and/or section 154 of the *Long-Term Care Homes Act, 2007*, S.O. 2007, c. 8

**Ministère de la Santé et des  
Soins de longue durée**

**Ordre(s) de l'inspecteur**

Aux termes de l'article 153 et/ou de l'article 154 de la *Loi de 2007 sur les foyers de soins de longue durée*, L. O. 2007, chap. 8

to include:

1. When and by whom a load study is to be completed.
2. Describe the steps that will be taken to demonstrate that the home is served by a generator that is available at all times, has the capacity to maintain, in the event of a power outage, the heating system that ensures the heating system has the capacity to maintain the required minimum temperature of 22 degrees Celsius. Include how this will be implemented, who will be responsible and dates that specific actions will be achieved.
3. Until such time that the home's generator can supply power to the heating system, describe how the home will have an alternate power supply available in the event of a power outage.

The home was asked to submit the plan by July 30, 2018, and it was submitted July 18, 2018.

During an interview with ED #133, they stated that the home completed a load study and gave the inspector a copy of the report. A review of this report indicated an emergency load study was completed by McGregor Allsop Limited Consulting Engineers and the report was issued July 30, 2018. This report concluded that the generator would not be able to accommodate any additional loads. However, if elevator and pump controls were redesigned the existing generator could accommodate a specified additional load.

During a further interview with ED #133, they indicated that at first the plan was to purchase a new generator. However, in consultation with another member of Building Services Business Partner, remapping the current generator would be possible and would enable the existing generator to maintain the heating system in the event of a power outage. According to the ED, this came to their attention sometime in September or October of 2018 and the current plan is to have this completed by November 23, 2018. The ED did confirm and supplied a copy of an agreement from Agility Recovery that states they will provide an alternate power supply to the home in the event of a power outage until April 1, 2019.

The ED acknowledged that currently the home is not served by a generator at all times that has the capacity to maintain the heating system in the event of a power outage.

The severity of this issue was determined to be a level 2 as there was potential harm to residents. The scope of the issue was a level 3 as it related to all residents of the home. The home had a level 4 history as they had related ongoing non-compliance with compliance orders related to O.Reg. 79/10, s.19(1) from inspection #2017\_420643\_0024 and #2018\_626501\_0010. Due to the severity, scope and history a compliance order is warranted. (501)

**REVIEW/APPEAL INFORMATION**

**TAKE NOTICE:**

The Licensee has the right to request a review by the Director of this (these) Order(s) and to request that the Director stay this (these) Order(s) in accordance with section 163 of the Long-Term Care Homes Act, 2007.

The request for review by the Director must be made in writing and be served on the Director within 28 days from the day the order was served on the Licensee.

The written request for review must include,

- (a) the portions of the order in respect of which the review is requested;
- (b) any submissions that the Licensee wishes the Director to consider; and
- (c) an address for services for the Licensee.

The written request for review must be served personally, by registered mail, commercial courier or by fax upon:

Director  
c/o Appeals Coordinator  
Long-Term Care Inspections Branch  
Ministry of Health and Long-Term Care  
1075 Bay Street, 11th Floor  
Toronto, ON M5S 2B1  
Fax: 416-327-7603

When service is made by registered mail, it is deemed to be made on the fifth day after the day of mailing, when service is made by a commercial courier it is deemed to be made on the second business day after the day the courier receives the document, and when service is made by fax, it is deemed to be made on the first business day after the day the fax is sent. If the Licensee is not served with written notice of the Director's decision within 28 days of receipt of the Licensee's request for review, this(these) Order(s) is(are) deemed to be confirmed by the Director and the Licensee is deemed to have been served with a copy of that decision on the expiry of the 28 day period.

The Licensee has the right to appeal the Director's decision on a request for review of an Inspector's Order(s) to the Health Services Appeal and Review Board (HSARB) in accordance with section 164 of the Long-Term Care Homes Act, 2007. The HSARB is an independent tribunal not connected with the Ministry. They are established by legislation to review matters concerning health care services. If the Licensee decides to request a hearing, the Licensee must, within 28 days of being served with the notice of the Director's decision, give a written notice of appeal to both:

**PRENEZ AVIS :**

Le/la titulaire de permis a le droit de faire une demande de réexamen par le directeur de cet ordre ou de ces ordres, et de demander que le directeur suspende cet ordre ou ces ordres conformément à l'article 163 de la Loi de 2007 sur les foyers de soins de longue durée.

La demande au directeur doit être présentée par écrit et signifiée au directeur dans les 28 jours qui suivent la signification de l'ordre au/à la titulaire de permis.

La demande écrite doit comporter ce qui suit :

- a) les parties de l'ordre qui font l'objet de la demande de réexamen;
- b) les observations que le/la titulaire de permis souhaite que le directeur examine;
- c) l'adresse du/de la titulaire de permis aux fins de signification.

La demande de réexamen présentée par écrit doit être signifiée en personne, par courrier recommandé, par messagerie commerciale ou par télécopieur, au :

Directeur  
a/s du coordonnateur/de la coordonnatrice en matière d'appels  
Direction de l'inspection des foyers de soins de longue durée  
Ministère de la Santé et des Soins de longue durée  
1075, rue Bay, 11e étage  
Toronto ON M5S 2B1  
Télécopieur : 416-327-7603

**Ministry of Health and  
Long-Term Care**

**Order(s) of the Inspector**
