Inspection Summary/Résumé de l'inspection

The purpose of this inspection was to conduct a Complaint inspection.

This inspection was conducted on the following date(s): March 13, 14, 2014.

During the course of the inspection, the inspector(s) spoke with personal support workers (PSW), registered staff, unit supervisor, day nurse manager, associate director of care (ADOC), environmental service manager, director of nursing (DON), administrator, and the resident.

During the course of the inspection, the inspector(s) observed shower rooms on the third and fourth floors, conducted interviews, reviewed policy to promote zero tolerance of abuse and neglect, resident health records, staff training records, and home report of investigation and report of incident.

The following Inspection Protocols were used during this inspection:

Accommodation Services - Housekeeping
Personal Support Services
Prevention of Abuse, Neglect and Retaliation

Findings of Non-Compliance were found during this inspection.

NON-COMPLIANCE / NON - RESPECT DES EXIGENCES

Table with 2 columns: Legend and Legendé. Legend includes WN (Written Notification), VPC (Voluntary Plan of Correction), DR (Director Referral), CO (Compliance Order), WAO (Work and Activity Order). Legendé includes Avis écrit, Plan de redressement volontaire, Aiguillage au directeur, Ordre de conformité, Ordres : travaux et activités. The table also contains a detailed description of non-compliance with requirements under the Long-Term Care Homes Act, 2007 (LTCHA) and its French equivalent in the LFSLD.

WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 33. Bathing Specifically failed to comply with the following:

s. 33. (1) Every licensee of a long-term care home shall ensure that each resident of the home is bathed, at a minimum, twice a week by the method of his or her choice and more frequently as determined by the resident's hygiene requirements, unless contraindicated by a medical condition. O. Reg. 79/10, s. 33 (1).

Findings/Faits saillants :

1. The licensee failed to ensure that resident # 001 is showered, at a minimum, twice a week.

Resident # 001 care plan indicated a shower given twice weekly, on Tuesdays by the bath team, and on Saturdays by the assigned PSW. Record review and staff interviews confirmed that the resident is particular about how and by whom the shower is provided. The resident prefers to have a shower with towels spread on the floor to stand on, and to perform the wash slowly which increases the time it takes to complete the shower. The staff providing the shower must be patient and remain with the resident to offer support as needed.

On March 14, 2014, staff interview and health record review confirmed that the resident was not showered on the scheduled Tuesday and Saturday for periods ranging from one week to five consecutive weeks from January to March 2014. A review of the record also indicated that the resident has developed redness or a rash in the groin; however he/she is refusing to allow staff to complete an assessment, but continues to apply naturopathic cream to the affected area.

The resident brought the concern forward to the associate director of care and the unit supervisor, however the plan of care was not discussed or revised by the staff. The inspector informed the director of nursing and administrator who were both unaware that the resident had missed consecutive weeks of scheduled showers. The director of nursing then met with the resident and the associate director of care to review and revise the plan of care to ensure that the resident receives the scheduled showers twice weekly. [s. 33. (1)]

Additional Required Actions:

CO # - 001 will be served on the licensee. Refer to the "Order(s) of the Inspector".

WN #2: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 6. Plan of care

**Ministry of Health and
Long-Term Care**

**Ministère de la Santé et des
Soins de longue durée**

**Inspection Report under
the Long-Term Care
Homes Act, 2007**

**Rapport d'inspection sous la
Loi de 2007 sur les foyers de
soins de longue durée**

Specifically failed to comply with the following:

s. 6. (1) Every licensee of a long-term care home shall ensure that there is a written plan of care for each resident that sets out,

(a) the planned care for the resident; 2007, c. 8, s. 6 (1).

(b) the goals the care is intended to achieve; and 2007, c. 8, s. 6 (1).

(c) clear directions to staff and others who provide direct care to the resident. 2007, c. 8, s. 6 (1).

s. 6. (2) The licensee shall ensure that the care set out in the plan of care is based on an assessment of the resident and the needs and preferences of that resident. 2007, c. 8, s. 6 (2).

s. 6. (10) The licensee shall ensure that the resident is reassessed and the plan of care reviewed and revised at least every six months and at any other time when,

(a) a goal in the plan is met; 2007, c. 8, s. 6 (10).

(b) the resident's care needs change or care set out in the plan is no longer necessary; or 2007, c. 8, s. 6 (10).

(c) care set out in the plan has not been effective. 2007, c. 8, s. 6 (10).

Findings/Faits saillants :

1. The licensee failed to ensure that the written plan of care for resident # 001 sets out clear directions to staff and others who provide direct care to the resident.

Health records review indicated and staff interview confirmed that resident # 001 has been refusing the scheduled showers twice weekly. The resident has particular requests for how and by whom is to be provided the shower, however the plan of care did not include the particular instructions for staff who provide direct care. The associate director of care confirmed these specific requests related to the resident's shower since she provides the resident with a shower when possible. [s. 6. (1) (c)]

2. The licensee failed to ensure that the care set out in the plan of care is based on an assessment of the resident and the needs and preferences of that resident.

Resident # 001 prefers to have the shower with towels spread on the floor to stand on, and with staff who are patient and able to provide support only as needed. The resident experienced a stroke causing severe left-sided weakness of the arm and leg. Therefore, the resident performs the wash slowly which increases the time it takes to complete the shower, and also, the resident prefers to complete the shower in a specific manner. This information is not included in the resident's plan of care. An interview with the resident confirmed that this lack of knowledge is often a source of frustration for both the resident and the staff attempting to provide the shower. [s. 6. (2)]

3. The licensee failed to ensure that resident # 001 is reassessed and the plan of care reviewed and revised when care set out in the plan has not been effective.

Health records revealed and staff interviews confirmed that the resident's refusal to be showered and the reasons for refusing were not discussed, and the resident's plan of care was not revised by members of the staff even after the resident brought the concerns forward to the associate director of care and the unit supervisor. [s. 6. (10) (c)]

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that residents' plan of care sets out clear directions to staff and others who provide direct care, includes an assessment of the residents needs and preferences, is reviewed and revised if the plan has not been effective, to be implemented voluntarily.

WN #3: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 15. Accommodation services

Specifically failed to comply with the following:

- s. 15. (2) Every licensee of a long-term care home shall ensure that,**
- (a) the home, furnishings and equipment are kept clean and sanitary; 2007, c. 8, s. 15 (2).**
 - (b) each resident's linen and personal clothing is collected, sorted, cleaned and delivered; and 2007, c. 8, s. 15 (2).**
 - (c) the home, furnishings and equipment are maintained in a safe condition and in a good state of repair. 2007, c. 8, s. 15 (2).**

Findings/Faits saillants :

1. The licensee failed to ensure that the shower rooms are kept clean and sanitary.

On March 13, 2014, the inspector observed and resident interview confirmed that the shower rooms on the second and third floor of the home had soap residue build up and mold growth on contact surfaces including the areas around the facets, between the tiles on the floors, including corners and edges.

The environmental services manager and the administrator were made aware of the situation and the environmental service manager made arrangements to have the shower rooms deep clean as soon as possible.

On March 14, 2014, the inspector observed that the shower rooms on the second and third floors were clean and without further soap build up or molds growing on contact surfaces. [s. 15. (2) (a)]

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that the shower rooms and tub rooms throughout the home are kept clean and sanitary on an ongoing basis, to be implemented voluntarily.

WN #4: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 3. Residents' Bill of Rights

Specifically failed to comply with the following:

- s. 3. (1) Every licensee of a long-term care home shall ensure that the following rights of residents are fully respected and promoted:**
- 4. Every resident has the right to be properly sheltered, fed, clothed, groomed and cared for in a manner consistent with his or her needs. 2007, c. 8, s. 3 (1).**

Findings/Faits saillants :

1. The licensee failed to ensure that resident # 001's rights to be groomed and cared for in a manner consistent with his or her needs, are fully respected and promoted.

Resident and staff interviews confirmed that resident # 001 has particular preferences and mannerism related to his/her shower habits that are regarded as challenging for the staff. Health record reviews, resident and staff interviews confirmed that resident # 001 did not receive a shower twice weekly as state in the plan of care, and that for periods of up to five consecutive weeks, the resident's right to be groomed and cared for was not respected and promoted. 1. The licensee failed to ensure that resident # 001 is showered, at a minimum, twice a week.

Resident # 001 care plan indicated a shower given twice weekly, on Tuesdays by the bath team, and on Saturdays by the assigned PSW. Record review and staff interviews confirmed that the resident is particular about how and by whom the shower is provided. The resident prefers to have a shower with towels spread on the floor to stand on, and to perform the wash slowly which increases the time it takes to complete the shower. RENSEIGNEMENTS SUR LE RÉEXAMEN/L'APPEL

PRENDRE AVIS

En vertu de l'article 163 de la Loi de 2007 sur les foyers de soins de longue durée, le titulaire de permis peut demander au directeur de réexaminer l'ordre ou les ordres qu'il a donné et d'en suspendre l'exécution.

La demande de réexamen doit être présentée par écrit et est signifiée au directeur dans les 28 jours qui suivent la signification de l'ordre au titulaire de permis.

La demande de réexamen doit contenir ce qui suit :

- a) les parties de l'ordre qui font l'objet de la demande de réexamen;
- b) les observations que le titulaire de permis souhaite que le directeur examine;
- c) l'adresse du titulaire de permis aux fins de signification.

La demande écrite est signifiée en personne ou envoyée par courrier recommandé ou par télécopieur au:

Directeur
