Non-compliance with requirements under the Long-Term Care Homes Act, 2007 (LTCHA) was found. (a requirement under the LTCHA includes the requirements contained in the items listed in the definition of "requirement under this Act" in subsection 2(1) of the LTCHA).	Le non-respect des exigences de la Loi de 2007 sur les foyers de soins de longue durée (LFSLD) a été constaté. (une exigence de la loi comprend les exigences qui font partie des éléments énumérés dans la définition de « exigence prévue par la présente loi », au paragraphe 2(1) de la LFSLD.
The following constitutes written notification of non-compliance under paragraph 1 of section 152 of the LTCHA.	Ce qui suit constitue un avis écrit de non-respect aux termes du paragraphe 1 de l'article 152 de la LFSLD.

WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 8. Nursing and personal support services

Specifically failed to comply with the following:

s. 8. (3) Every licensee of a long-term care home shall ensure that at least one registered nurse who is both an employee of the licensee and a member of the regular nursing staff of the home is on duty and present in the home at all times, except as provided for in the regulations. 2007, c. 8, s. 8 (3).

Findings/Faits saillants :

1. The licensee has failed to ensure that at least one registered nurse who is both an employee of the licensee and a member of the regular nursing staff of the home is on duty and present in the home at all times, except as provided for in the regulations.

Longfields Manor is a licensed 114 bed long term care home.

During a review of the registered nursing schedule from January 1, 2019 to February 20th, 2019 it was determined that on the following dates the night shift (2230 hours to 0630 hours) did not have a Registered Nurse (RN) on duty and present in the home:

-January 1, 2, 3, 8, 12, 15, 16, 17, 19, 20, 21, 22, 25, 26, 27, 28, 2019.

-February 1, 3, 4, 5, 9, 13, 15, 16, 17th, 2019.

In discussion with the home's Administrator and Director of Care, they indicated that approximately mid December 2018, the home had eight registered nurses with unexpected leaves of absence that impacted upon the home's ability to provide at least one registered nurse on duty and present at all times.

The above noted shifts were reviewed with the Administrator and Director of Care and both indicated that the night shifts lacked a RN on duty and present in the home. They further indicated that they are actively recruiting and have recently hired four RNs.

The decision to issue a compliance order was based on the scope and severity of this non-compliance. The severity was determined to be a level 2 as the absence of a RN in the home potentially poses a potential for actual harm to residents. The scope was a level 3, indicating widespread, as there were a total of 25 shifts during a 7 week period with no RN present in the home and impacts all residents. The home had a level 2 compliance history as there were no related non-compliance during the prior 36 months.
