Director.

The licensee has failed to ensure that the attestation for an emergency plan was submitted annually to the Director. The home was flagged by the Ministry of Long-Term Care for having an outstanding emergency planning attestation form for a specific year. The Assistant Administrator acknowledged that while the home had a signed attestation form that was dated for the specific year, they were unable to find any documentation indicating that the home submitted it before the due date.

Sources: Email correspondences and interview with Assistant Administrator.
