**WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 6.
Plan of care**

Specifically failed to comply with the following:

s. 6. (7) The licensee shall ensure that the care set out in the plan of care is provided to the resident as specified in the plan. 2007, c. 8, s. 6 (7).

Findings/Faits saillants :

1. The licensee has failed to comply with LTCHA, 2007, s. 6(7) whereby care specified in a resident plan of care was not provided to the resident.

On a specified date, Resident #3 fell in his/her room and sustained a laceration that required treatment. The bed alarm was found to be non functioning. At the time of the incident, the resident plan of care included the following fall prevention measures: check every 30 minutes, bed alarm and keep bed in lowest position.

S#101 was interviewed and stated staff reported the bed alarm had not been working for two days prior to the fall and a replacement was not available.

The Director of Care confirmed replacement bed alarms were not always available at the time of the incident, however the home has since streamlined the bed alarms used in the home and replacement bed alarms were available at the time of this inspection.

A previously issued compliance order related to LTCHA, 2007, s.6(7) was in place at the time of this incident with a compliance date of October 30, 2013. [s. 6. (7)]
