WN #1: The Licensee has failed to comply with O. Reg. 79/10, s. 69

Every licensee of a long-term care home shall ensure that residents with the following weight changes are assessed using an interdisciplinary approach, and that actions are taken and outcomes are evaluated:

1. A change of 5 per cent of body weight, or more, over one month.
2. A change of 7.5 per cent of body weight, or more, over three months.
3. A change of 10 per cent of body weight, or more, over 6 months.

Findings:

1. An identified resident with a diagnosis of diabetes mellitus, physician order for sliding scale insulin and oral hypoglycemic agent.
2. The body weight of this resident is as follows:
 - 64.4 kgs May 2010
 - 60.5kgs August 2010
 - 58.9 kgs October 2010
 - 55.5 kgs November 2010
 - 53.1 kgs December 2010
3. The resident's body weight, November 2010 indicates a weight loss of 5.7% over 1 month, 8% over 3 months and 13% over 6 months.
4. The resident's plan of care, dated November 2, 2010, states that he/she is at moderate nutritional risk with a goal to maintain a body weight of 58.9 kgs.
5. A review of the resident's health care record indicates that the November 2010 weight loss has not been identified or assessed by a staff member, as of December 15, 2010.
6. Geneveive Cormier, Registered Practical Nurse (RPN) on 1C, responsible for care on December 15, was not aware that this resident had a weight loss in November. The resident's weight continues to decrease as evidenced by his/her body weight of December, 2010.

Inspector ID #: 148

Additional Required Actions:

CO # - 001 will be served on the licensee. Refer to the "Order(s) of the Inspector" form.

WN #2: The Licensee has failed to comply with O. Reg. 79/10, s. 71

(4) The licensee shall ensure that the planned menu items are offered and available at each meal and snack.

Findings:

1. Two identified residents, at moderate nutritional risk and requiring total feeding assistance, were not offered the available menu at the breakfast meal service on December 15, 2010.
2. The two residents were not offered egg or toast as per the planned breakfast menu.
3. As per the most recent Minimum Data Set (MDS) assessment, one of the resident's was coded to leave 25% or more of food uneaten and is currently provided high energy foods due to low body weight and oral intake.
4. A third identified resident, at high nutritional risk and who requires total feeding assistance was not offered egg at the breakfast meal service December 15, 2010 as per the planned menu.
5. A fourth identified resident, at high nutritional risk and who requires 60mls of the nutritional supplement Resource 2.0 twice daily, was not offered egg at the breakfast meal service on December 15, 2010 as per the planned menu.
6. The Personal Support Worker, responsible for feeding this resident reported that the resident dislikes egg, there was no indication of this dislike on the resident health record or plan of care.

Additional Required Actions:

CO # - 002 will be served on the licensee. Refer to the "Order(s) of the Inspector" form.

WN #3: The Licensee has failed to comply with O. Reg. 79/10, s.8

(1) Where the Act or this Regulation requires the licensee of a long-term care home to have, institute or otherwise put in place any plan, policy, protocol, procedure, strategy or system, the licensee is required to ensure that the plan, policy, protocol, procedure, strategy or system,

- (a) is in compliance with and is implemented in accordance with all applicable requirements under the Act; and
- (b) is complied with.

Findings:

1. O.Reg 79/10, s. 69, requires the licensee to ensure that resident body weights are assessed for changes of 5% over 1 month, 7.5% over 3 months and 10% over 6 months.
2. On December 14, 2010, interview with Marie Paule, RPN responsible for resident care on unit 1C, stated that registered nursing staff will review weights for monthly changes, between the current and previous month. She stated that it would not be nursing responsibility to review monthly weights for changes over 3 and 6 months.
3. On December 14, 2010, interview with Trina Alps, the Registered Dietitian and Francine Gratton, the Food Service Supervisor, both stated that the dietary department monitors weights on a quarterly basis, through MDS assessments. Monthly weights are provided to the department monthly, but weights are not reviewed each month for 3 and 6 month weight changes.
4. On December 14, 2010, interview with Carl Balcom, Director of Programs stated that he was not

aware that O.Reg 79/10, s. 69 required that each resident is assessed, each month for weight changes over 3 and 6 months.

5. The policy document titled "Normes en vigueur pour les poids et suivis" notes that inter-professional assessment of weight changes will occur with the MDS quarterly assessments.
6. As noted in WN #1, a resident body weight, November 2010 indicates a weight loss of 5.7% over 1 month, 8% over 3 months and 13% over 6 months. The resident's weight loss has not been identified or assessed by a staff member, as of December 15, 2010.
7. On December 15, 2010, interview with Geneveive Cormier, RPN responsible for resident care on 1C, stated that she was not aware of the resident's weight loss.
