1. A Critical Incident report was submitted to the Ministry of Health and Long-Term Care (MOHLTC) in February 2013 outlining an altercation between resident #001 and resident #006. The altercation resulted in transfer to hospital for resident #006 because of injury and resident #001 was admitted to hospital for an evaluation.

The health care record for resident #001 was reviewed by the inspector. The behavioural progress notes from the date of admission in November 2012 through to the date of the altercation noted numerous incidents of physical aggression from resident #001 to staff members and towards other residents. The progress notes for days in November 2012 reported that resident #001 had exhibited numerous incidents of physical aggression towards staff. On days in December 2012, resident #001 exhibited further physical aggression towards staff. In January 2013, this behaviour continued. Progress notes for days in November and December 2012 noted incidents of physical aggression towards other residents.

The care plan that was in place at the time of the February 2013 altercation, identified behavioural problems as evidenced by physical aggression but did not identify interventions that would minimize the risk of harmful altercations and potentially harmful interactions between resident #001 and other residents or staff members.

As a result of the failure to identify and implement interventions that would have minimized the risk to resident #006 and any other residents, resident #006 sustained an injury that resulted in transfer to hospital.

The licensee failed to ensure that, procedures and interventions are developed and implemented to assist residents and staff who are at risk of harm or who are harmed as a result of a resident's behaviours, including responsive behaviours, and to minimize the risk of altercations and potentially harmful interactions between and among residents;

1. A Critical Incident report was submitted to the Ministry of Health and Long-Term Care (MOHLTC) in February 2013 outlining an altercation between resident #001 and resident #006. The altercation resulted in transfer to hospital for resident #006 because of injury and resident #001 was admitted to hospital for an evaluation. The health care record for resident #001 was reviewed by the inspector. The behavioural progress notes from the date of admission in November 2012 through to the date of the altercation noted numerous incidents of physical aggression from resident #001 to staff members and towards other residents. The progress notes for days in November 2012 reported that resident #001 had exhibited numerous incidents of physical aggression towards staff. On days in December 2012, resident #001 exhibited further physical aggression towards staff. In January 2013, this behaviour continued. Progress notes for days in November and December 2012 noted incidents of physical aggression towards other residents. The care plan that was in place at the time of the February 2013 altercation, identified behavioural problems as evidenced by physical aggression but did not identify interventions that would minimize the risk of harmful altercations and potentially harmful interactions between resident #001 and other residents or staff members.

As a result of the failure to identify and implement interventions that would have minimized the risk to resident #006 and any other residents, resident #006 sustained an injury that resulted in transfer to hospital.

The licensee failed to ensure that, procedures and interventions are developed and implemented to assist residents and staff who are at risk of harm or who are harmed as a result of a resident's behaviours, including responsive behaviours, and to minimize the risk of altercations and potentially harmful interactions between and among residents;

Additional Required Actions:

CO # - 001 will be served on the licensee. Refer to the "Order(s) of the Inspector".

WN #2: The Licensee has failed to comply with O.Reg 79/10, s. 53. Responsive behaviours

Homes Act, 2007**

**Ministère de la Santé et des

Specifically failed to comply with the following:

- s. 53. (4) The licensee shall ensure that, for each resident demonstrating responsive behaviours,**
(a) the behavioural triggers for the resident are identified, where possible; O. Reg. 79/10, s. 53 (4).
(b) strategies are developed and implemented to respond to these behaviours, where possible; and O. Reg. 79/10, s. 53 (4).
(c) actions are taken to respond to the needs of the resident, including assessments, reassessments and interventions and that the resident's responses to interventions are documented. O. Reg. 79/10, s. 53 (4).
-

Findings/Faits saillants :

1. A Critical Incident report was submitted to the MOHLTC in February 2013 for an incident of physical aggression by resident #001 toward another resident. This other resident was transferred to hospital for an assessment, and returned to the home with some injury. Resident #001 was subsequently admitted to hospital for an evaluation. During the course of the inspection, the health care records for resident #001 were reviewed. The progress notes, specific to behaviours, from the date of admission through to the date of the incident were reviewed and identified numerous instances of resident #001 threatening and exhibiting physical aggression towards others. The care plan that was in effect at the time of the incident of physical abuse included the focus of "Behavioural problems as evidenced by: resists care or medications, verbal or physical aggression, wandering, cognitive impairment" but the plan did not include interventions or strategies aimed at responding to these aggressive behaviours.

The licensee failed to ensure that for each resident demonstrating responsive behaviours, strategies are developed and implemented to respond to these behaviours, where possible. [s. 53. (4) (b)]

WN #3: The Licensee has failed to comply with O.Reg 79/10, s. 107. Reports re critical incidents

Specifically failed to comply with the following:

s. 107. (3) The licensee shall ensure that the Director is informed of the following incidents in the home no later than one business day after the occurrence of the incident, followed by the report required under subsection (4):

1. A resident who is missing for less than three hours and who returns to the home with no injury or adverse change in condition. O. Reg. 79/10, s. 107 (3).

Findings/Faits saillants :

1. During the course of inspection, the progress notes for resident #002 were reviewed. A note from a particular day in August 2012 outlined an incident that occurred that same day, in which this resident eloped from the home. The police were notified and the resident returned to the home, without injury, accompanied by a staff member and the police. An interview was conducted with staff member #100 in March 2013 and resident #002's elopement from a secure unit and the home was never reported to the MOHLTC.

The licensee failed to ensure that the Director is informed of the following incidents in the home no later than one business day after the occurrence of the incident, followed by the report required under subsection (4): 1.
