WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 91. Every licensee of a long-term care home shall ensure that all hazardous substances at the home are labelled properly and are kept inaccessible to residents at all times. O. Reg. 79/10, s. 91.

Findings/Faits saillants :

1. The licensee failed to ensure that all hazardous substances were kept inaccessible to residents.

During a walk-through of resident care areas, the following was observed:

The door to the Hopper Room on the East wing was unlocked and unattended and cleaning chemicals were observed, on the floor and in an unlocked cupboard.

The door to the Custodian Room on the North wing was unlocked and unattended and hazardous chemicals were observed, on the floor and accessible to residents.

Both the Administrator and the Acting Director of Resident Services confirmed their expectation that all doors, where hazardous substances are stored, are to be locked at all times when unattended. [s. 91.]
