**Findings/Faits saillants :**

1. The licensee has failed to ensure that a person who had reasonable grounds to suspect that abuse of a resident by anyone or neglect of a resident by the licensee or staff that resulted in harm or risk of harm, immediately reported the suspicion and the information upon which it was based to the Director.

Inspector #542 reviewed a complaint report that was submitted to the Director in May 2018, indicating that PSW #107 was neglecting resident #006. The complaint report further outlined that the PSW was refusing to provide assistance with care to resident #006 and that the resident was afraid of this PSW.

The Inspector reviewed the Critical Incident Reports (CIS) that were submitted to the Director for 2018, and noted that the above mentioned complaint was not submitted to the Director.

A review of the home's policy titled, "Zero Tolerance of Abuse and Neglect, NUM VII7" last revised January 2019, identified that certain persons, including staff members, were required to make an immediate report to the MOHLTC Director where there was reasonable suspicion that abuse of a resident by anyone or neglect of a resident by the licensee or staff that resulted in harm or a risk of harm to the resident occurred or may occur.

During an interview with the Administrator/Director of Care (ADM/DOC), they verified that the above complaint was not submitted to the Director and that it should have been. [s. 24. (1)]
