**Specifically failed to comply with the following:**

**s. 162. (3) Subject to subsections (4) and (5), the licensee shall, within five business days after receiving the request mentioned in clause (1) (b), do one of the following:**

- 1. Give the appropriate placement co-ordinator the written notice required under subsection 44 (8) of the Act. O. Reg. 79/10, s. 162 (3).**
- 2. If the licensee is withholding approval for the applicant's admission, give the written notice required under subsection 44 (9) of the Act to the persons mentioned in subsection 44 (10) of the Act. O. Reg. 79/10, s. 162 (3).**

**Findings/Faits saillants :**

1. The licensee has failed to respond to the home within five business days after receiving requests to determine whether to give or withhold approval for the applicant's admission to the home.

During phone interviews with the Patient Services Managers and the Director of Patient Services, from the Waterloo Wellington Local Health Integration Network (WWLHIN), they stated that the home was not meeting their obligation in regards to responding to applications for admission or refusal to the home within five business days.

During phone interviews with the Resident Care Co-ordinator (RCC), and the Director of Care (DOC), they stated that on an identified date, there were 32 Long Term Care Home (LTCH) applications that had not been reviewed within the five business days as required.

A review of documentation provided by the WWLHIN from the Client Health Records Information System (CHRIS) showed that on an identified date, there were 18 applicants in LTCH applied status. There were 15 applications with greater than five days in applied status on the identified date. The documentation stated that the average wait time was 83.78 days for the applications to be reviewed.

In an interview the Director of Care (DOC), stated that the home was not responding to the LTCH applications within five business days after receiving requests to determine whether to give or withhold approval for the applicant's admission to the home.

The scope of the issue was widespread. There was no history of non-compliance with this legislation. The severity was determined to be a level two with potential for actual harm to the applicant as the applicants were assessed as requiring long term care. [s. 162. (3) 1.]
