WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 8. Nursing and personal support services

Specifically failed to comply with the following:

s. 8. (3) Every licensee of a long-term care home shall ensure that at least one registered nurse who is both an employee of the licensee and a member of the regular nursing staff of the home is on duty and present in the home at all times, except as provided for in the regulations. 2007, c. 8, s. 8 (3).

Findings/Faits saillants :

1. The licensee has failed to ensure that at least one registered nurse who is both an employee of the licensee and a member of the regular nursing staff of the home is on duty and present in the home at all times, except as provided in the regulations.

Hallowell House is a 97 bed long-term care home.

During a review of the registered nursing schedule from December 22, 2018 to July 14, 2019 it was determined that on the following dates the licensee did not have a Registered Nurse on duty and present in the home.

-January 8, 31, April 24, 26, May 8, 12, July 13 and 14, 2019 for the day shift (0700 hours-1500 hours).

-February 12, 16, May 12, June 13, 14, 17, 27, July 2 and July 12, 2019 for the evening shift (1500 hours-2300 hours).

-February 6 and 12, 2019 for the night shift (2300 hours-0700 hours).

-December 29, 2018 for the night shift from 2300 hours - 0300 hours.

In discussion with the Administrator the home had a RN staff retire and one on a leave of absence that impacted upon the home's ability to provide at least one registered nurse on duty and present in the home at all times.

The above noted shifts were reviewed with the Administrator and the Assistant Director of Care and both indicated the shifts lacked a RN on duty and present in the home. They further indicated that they are actively recruiting and have recently hired three RNs.

The decision to issue a compliance order was based on the scope and severity of this noncompliance. The absence of a RN in the home poses a potential for actual harm to residents. The scope was widespread, as there were a total of nineteen shifts with no RN present in the home and impacts all residents. The home had a compliance history with a CO s. 8(3) issued in August, 2017. [s. 8. (3)]

The licensee failed to ensure that at least one registered nurse who is both an employee of the licensee and a member of the regular nursing staff of the home is on duty and present in the home at all times.

Additional Required Actions:

CO # - 001 will be served on the licensee. Refer to the "Order(s) of the Inspector".
