WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 131. Administration of drugs

Specifically failed to comply with the following:

s. 131. (2) The licensee shall ensure that drugs are administered to residents in accordance with the directions for use specified by the prescriber. O. Reg. 79/10, s. 131 (2).

Findings/Faits saillants :

1. The licensee has failed to ensure that drugs were administered to residents in accordance with the directions for use specified by the prescriber.

The home called the Info Line, and submitted a Critical Incident System report (CIS), on specific dates to report an incident.

Review of resident #001's clinical record showed that Nurse Practitioner (NP) #103 had written an order in resident #001's chart. The Inspector was unable to locate any documentation of the order being processed or any documentation of the item that was ordered being provided to resident #001.

The home's policy titled Medication Administration, Index ID RCS F-05, last reviewed June 11, 2018, stated: All medications are to be administered by Registered Staff as per the physician's frequency order and documented in the resident's eMAR (electronic medication administration record).

Director of Care (DOC #100) acknowledged that the order was never processed and the resident did not receive the ordered item. They stated that NP #103 had noticed the error and notified them.

The licensee has failed to ensure that drugs were administered to residents in accordance with the directions for use specified by the prescriber. [s. 131. (2)]

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that drugs are administered to residents in accordance with the directions for use specified by the prescriber, to be implemented voluntarily.
