1. On a specified date resident # 1 was admitted as a short stay resident. A review of the Revera Long Term Care Services Manual Subject Short Stay/Respite Care page 2 of 3 (LTC-A-70) procedure seven states:

The standard of care and the documentation requirements for recipients of respite care services are consistent with standards set for all Residents of Long Term Care Centres.

A review of the health care record indicated incomplete documentation as followed: The lift and transfer recorded indicated that the assessment was completed on a specified date when resident #1 was not resident of the home.

The Do not Resuscitate Confirmation Form (completed on a specified date) indicated no CPR when the Life Care Directives completed by the Power of Attorney indicated a level four transfer to Acute Care Hospital with CPR.

A review of the food and fluid tracking-Snacks indicated no PM Snack and fluid were documented.

The medication administration record on a specified date had a signature omission for a medication. The Administrator confirmed that the medication had been administered by Staff # S101.

On a specified date and time an entry in the progress notes indicated that resident #1 had complained of discomfort. No further documented assessments, reassessments, interventions and resident responses were completed for greater then twenty one hours at which time resident #1 was transferred to hospital.

Resident #2 was admitted to the home in a short stay bed for a specified period. A review of the health care record indicated that the form for tracking snacks had no documented assessments of the resident #2's nutritional intake.

Resident #3 was admitted to the home in a short stay bed for a specified period. A review of the food and fluid tracking snacks form indicated no documented assessments that a between-meal beverage was offered to the resident.

The licensee has failed to ensure that documented assessments are completed as required. [s. 30. (2)]
