**WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 33. Bathing
Specifically failed to comply with the following:**

s. 33. (1) Every licensee of a long-term care home shall ensure that each resident of the home is bathed, at a minimum, twice a week by the method of his or her choice and more frequently as determined by the resident's hygiene requirements, unless contraindicated by a medical condition. O. Reg. 79/10, s. 33 (1).

Findings/Faits saillants :

1. The licensee failed to ensure that each resident of the home was bathed, at a minimum, twice a week by the method of his or her choice and more frequently as determined by the resident's hygiene requirements, unless contraindicated by a medical condition.

The Administrator and an Administrative Assistant confirmed the licensee was unable to replace all personal support workers that were scheduled to come into work and were unable to work on two identified dates, despite following their established call in procedures.

An Assistant Director of Care confirmed all residents were scheduled to receive a bath/shower twice a week.

On the first identified date, three residents were scheduled to receive a bath/shower, but these residents did not receive their scheduled bath/shower on that date, or prior to, their next scheduled bath/shower day. On the second identified date, one resident was scheduled to receive a bath/shower, but this resident did not receive their scheduled bath/shower on that date, or prior to, their next scheduled bath/shower day. This was confirmed by an Assistant Director of Care. [s. 33. (1)]

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that each resident of the home is bathed, at a minimum, twice a week by the method of his or her choice and more frequently as determined by the resident's hygiene requirements, unless contraindicated by a medical condition, to be implemented voluntarily.
