1. The licensee has failed to ensure that when withholding approval for admission to the home there was a written notice setting out the grounds on which the licensee is withholding approval, a detailed explanation of the supporting facts, as they relate to both the home and the applicant's condition and requirements for care and an explanation of how the supporting facts justify the decision to withhold approval.

Applicant #001 made an application to reside at Valleyview Residence.

The Community Care Access Centre (CCAC) application included a Minimum Data Set - Home Care (MDS-HC) Assessment, Behavioural Assessments, consultation notes and a Health Assessment. A behavioural concern was identified.

In telephone interviews, the Family Resource Worker #100 and the Director of Care #101 confirmed the home rejected the application for admission and a letter was sent to the applicant.

The reason for rejection noted in the letter from the home included:

- a) Nursing staff lacks the expertise to meet client care needs
- b) The home cannot manage the high risk behaviours identified in the two most recent behavioural assessments

The letter did not include a detailed explanation of supporting facts as they relate to the grounds for refusal as specified in the Act s.44(7) that the home lacks the nursing expertise necessary to meet the applicant's care requirements.

The home was not able to demonstrate that, based on the CCAC assessment, they did not have the nursing expertise to care for the resident. [s. 44. (9)]
