WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 71. Menu planning

Specifically failed to comply with the following:

s. 71. (3) The licensee shall ensure that each resident is offered a minimum of, (b) a between-meal beverage in the morning and afternoon and a beverage in the evening after dinner; and O. Reg. 79/10, s. 71 (3).

Findings/Faits saillants :

1. The licensee has failed to ensure that each resident was offered a minimum of, a between-meal beverage in the morning and afternoon and a beverage in the evening after dinner.

A concern was brought to the inspector that residents on the Pelee Island unit of the home, were not receiving beverages from the morning nourishment cart. Upon staff interviews with the Associate Director of Care (ADOC), Food Services Manager (FSM), Registered Dietitian (RD), Dietary Aide #107 and Personal Support Worker (PSW) #110 all confirmed that the Pelee Island nourishment cart was a concern, as it was known that it was not consistently offered to residents. During review of the entire Pelee Island units resident daily fluid intake records, it indicated that during a 14 day look back period from May 27, 2021, to June 9, 2021, residents were offered a between meal fluid from the morning nourishment cart on average six out of the 14 days.

On record review of the daily fluid intake for the Peche Island and Belle Isle units, indicated that there were also inconsistencies to the documentation of when the nourishment cart was offered.

Not consistently offering residents a between meal beverage has potential to contribute to potential fluid deficits.

Sources: Record review; Pelee Island, Peche Island and Belle Isle unit daily fluid intake records, staff interviews with the ADOC, FSM, DR, Dietary Aide #107 and PSW #110. [s. 71. (3) (b)]

Aux termes de l'article 153 et/ou de l'article 154 de la *Loi de 2007 sur les foyers de soins de longue durée*, L.O. 2007, chap. 8

Sources: Record review; Pelee Island, Peche Island and Belle Isle unit daily fluid intake records, staff interviews with the ADOC, FSM, DR, Dietary Aide #107 and PSW #110.

An order was made by taking the follow factors into account:

Severity: The homes failure to provide a between meal beverage consistently placed residents at a potential risk for a fluid deficit.

Scope: The scope of the non-compliance was identified as widespread, as all units had inconsistencies relating to offering a between meal beverage in the morning, afternoon and a beverage in the evening after dinner.

Compliance History: Non-compliances have been issued to the home related to different sections of the legislation in the past 36 months. (725)
