**WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 131.**

**Administration of drugs**

**Specifically failed to comply with the following:**

**s. 131. (1) Every licensee of a long-term care home shall ensure that no drug is used by or administered to a resident in the home unless the drug has been prescribed for the resident. O. Reg. 79/10, s. 131 (1).**

**Findings/Faits saillants :**

1. The licensee has failed to ensure that the medications administered to a resident where prescribed for the resident. A Registered Staff Member administered medications in error to resident #001. The medications were not prescribed for the resident.

The resident was transferred to hospital for assessment and subsequently died.

This was confirmed by the Director of Care [s. 131. (1)]

***Additional Required Actions:***

***CO # - 001 will be served on the licensee. Refer to the "Order(s) of the Inspector".***

---

**WN #2: The Licensee has failed to comply with O.Reg 79/10, s. 8. Policies, etc., to be followed, and records**

**Specifically failed to comply with the following:**

**s. 8. (1) Where the Act or this Regulation requires the licensee of a long-term care home to have, institute or otherwise put in place any plan, policy, protocol, procedure, strategy or system, the licensee is required to ensure that the plan, policy, protocol, procedure, strategy or system,**

**(a) is in compliance with and is implemented in accordance with applicable requirements under the Act; and O. Reg. 79/10, s. 8 (1).**

**(b) is complied with. O. Reg. 79/10, s. 8 (1).**

---

**Findings/Faits saillants :**

1. The licensee has failed to ensure that the policy for medication administration was followed.

The home's policy entitled "Medication Pass" "Policy Number: 11-03" states that the medication pass is to be completed by: "Confirming the identification of the resident using two resident identifiers - for example, picture and name band"

The policy also states that to confirm the identification of a resident the following "5 Rights" are to be checked prior to medication administration:

- 1) Right resident
- 2) Right drug
- 3) Right dose
- 4) Right time
- 5) Right route

The home's medication administration system includes residents wearing name bands and the medication administration record has a picture of the resident and the medication strips identify the resident name and medication in the package.

A Registered Staff Member administered medications to a resident without checking the resident's identity using the resident's name band which resulted in the resident receiving incorrect medications.

This was confirmed by the Director of Care and the Administrator [s. 8. (1)]
