WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 53. Responsive behaviours

Specifically failed to comply with the following:

s. 53. (4) The licensee shall ensure that, for each resident demonstrating responsive behaviours,

(a) the behavioural triggers for the resident are identified, where possible; O. Reg. 79/10, s. 53 (4).

(b) strategies are developed and implemented to respond to these behaviours, where possible; and O. Reg. 79/10, s. 53 (4).

(c) actions are taken to respond to the needs of the resident, including assessments, reassessments and interventions and that the resident's responses to interventions are documented. O. Reg. 79/10, s. 53 (4).

Findings/Faits saillants :

1. The licensee failed to ensure that for each resident demonstrating responsive behaviours strategies are developed and implemented to respond to these behaviours, where possible.

Record review of the progress notes revealed strategies in place to respond to the resident's behaviours were not implemented as planned.

Interview with the Director of Care (DOC) confirmed a strategy was developed to provide care related to the resident's increased anxiety and high risk for falls and the strategy was not implemented as planned. [s. 53. (4) (b)]

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that for each resident demonstrating responsive behaviours strategies are developed and implemented to respond to these behaviours, where possible, to be implemented voluntarily.
