WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 49. Falls prevention and management

Specifically failed to comply with the following:

s. 49. (2) Every licensee of a long-term care home shall ensure that when a resident has fallen, the resident is assessed and that where the condition or circumstances of the resident require, a post-fall assessment is conducted using a clinically appropriate assessment instrument that is specifically designed for falls. O. Reg. 79/10, s. 49 (2).

-
1. The Licensee failed to ensure that when the resident has fallen, the resident has been assessed and a post-fall assessment has been conducted using a clinically appropriate assessment instrument that is specifically designed for falls as evidenced by:

A clinical record review for an identified resident revealed there is no documented evidence that a Post Falls Assessment was completed for two of three falls sustained by the resident.

The Director of Care shared that the expectation is a Post Falls Assessment is to be completed after each fall and confirmed that a Post Falls Assessment, using a clinically appropriate assessment instrument that is specifically designed for falls, was not conducted for two of three falls sustained by an identified resident.

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that when the resident has fallen, the resident has been assessed and a post-fall assessment has been conducted using a clinically appropriate assessment instrument that is specifically designed for falls, to be implemented voluntarily.
