Non-compliance with requirements under the Long-Term Care Homes Act, 2007 (LTCHA) was found. (A requirement under the LTCHA includes the requirements contained in the items listed in the definition of "requirement under this Act" in subsection 2(1) of the LTCHA.)

The following constitutes written notification of non-compliance under paragraph 1 of section 152 of the LTCHA.

Le non-respect des exigences de la Loi de 2007 sur les foyers de soins de longue durée (LFSLD) a été constaté. (Une exigence de la loi comprend les exigences qui font partie des éléments énumérés dans la définition de « exigence prévue par la présente loi », au paragraphe 2(1) de la LFSLD.

Ce qui suit constitue un avis écrit de non-respect aux termes du paragraphe 1 de l'article 152 de la LFSLD.

**WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 6.  
Plan of care**

**Specifically failed to comply with the following:**

- s. 6. (1) Every licensee of a long-term care home shall ensure that there is a written plan of care for each resident that sets out,  
(a) the planned care for the resident; 2007, c. 8, s. 6 (1).  
(b) the goals the care is intended to achieve; and 2007, c. 8, s. 6 (1).  
(c) clear directions to staff and others who provide direct care to the resident. 2007, c. 8, s. 6 (1).

- 
1. The licensee failed to comply with LTCHA 2007, S.O. 2007, c.8, c.6(1)(a), whereby the licensee failed to ensure that there is a written plan of care for each resident that sets out, the planned care for the resident.

The current plan of care for Resident #1 indicated that physical therapy was to be provided 3 times per week.

Interview with the home's Physiotherapist indicated that Resident #1 began physical therapy treatment on a specified date. The most recent assessment of Resident #1's needs for physical therapy indicated that physical therapy be provided to Resident #1, one-two times per week.

Recent Physiotherapy Daily Attendance records were reviewed. Documentation of physical therapy interventions indicated that physical therapy was provided to the resident once per week.

The written plan of care for Resident #1 does not set out the planned care for the resident as it relates to physical therapy.

In addition, the current plan of care for Resident #1, indicated several interventions related to various care areas that referenced a previous health condition that, at the time of this inspection, was no longer applicable. Interview with staff and management of the home both state that it is the intention of the home to update the plan of care for Resident #1 during the next scheduled Minimum Data Set (MDS) Assessment.

The written plan of care for Resident #1 does not set out the planned care for the resident as it relates to current health condition. [s. 6. (1) (a)]
